Talk To Shopmen

(By Associated Press)
Chicago, Sept. 14—Leaders of the federated shop crafts today will begin negotiations for separate agreements with about 50 railroads to end the shopmen's strike. It was said a number of others telegraphed willingness to start negotiations. More than 20 roads, however, announced today they would not be parties to the strike settlement. L. & N. Stands Firm Against Agreement

Louisville, Ky., Sept. 14—While L. Mapother, president of the Louisville and Nashville railroad, issued the following statement last night in regard to the strike settlement:

"The Louisville and Nashville Railroad Company has no knowledge further than the press reports and has not considered the agreement.

"So far as suitable vacancies may exist, the L. & N. is willing to take back the strikers, but only as new employees.

"The rights of the employees now at work, aggregating more than 10,000, will be protected to the limit."

L. & N. Not In Roads Affected By Agreement

Chicago, Sept. 14.—The policy committee of the striking railway shopcrafts, today authorized B. M. Jewell, strike leader, to sign a separate peace agreement with individual roads.

This action, it was stated, would end the strike on from 30 to 52 of the 202 Class railroads of the country which entered into direct negotiations with Mr. Jewell recently at Baltimore, and with any others who cared to accept the peace terms.

With the announcement that the partial peace had been voted came the first definite information that S. Davies Warfield, president of the Seaboard Air Line and representative of a railroad securities company said to control \$13,000,000,000 of stock, was responsible for negotiations that finally ended in the agreement.

The agreement was reached by the committee of 90 about 2 o'clock in the afternoon. The following roads were said by a representative of S. Davies Warfield to have been among the parties to the agreement:

Louisiana and Arkansas; New York, Chicago and St. Louis; Southern Railroad; Georgia Southern and Florida; Harriman and Northeastern; New Orleans and Northeastern; Northern Alabama; Seaboard Airline; Chesapeake and Lancaster; Macon Dublin and Savannah; Tampa and Gulf Coast; Tampa Northern Virginia Railway; Winston-Salem; Southbound; Alabama Great Southern; Chesapeake & Ohio; Chicago, Indianapolis, and Louisville; Baltimore and Ohio; New York Central; Boston Alabama and Cleveland; Cincinnati Chicago and St. Louis.

The peace settlement plan would also apply to the Brotherhood of Stationary Firemen and Oilers, some 15,000 members of which followed the strike action of the six federated shop crafts.

Preparations for ordering the men back to work on the roads parties to the agreement were begun last night in a meeting of the executive council attended by the international officers of the six shop crafts.

Mrs. Virginia Tatum is near death at her home in Louisville. She is suffering from hiccoughs, having been stricken over a week ago.

The agents also discovered that fourteen barrels of whisky are missing from the Old Judge Distillery also on the Benson creek, in the vicinity of Terhune's home and they believe the two barrels of red whisky found on Terhune's place are part of the fourteen barrels missing. The agents left with Terhune for Lexington.

MORROW ACCEPTS "KENTUCKY HOME"

(By Associated Press)
Louisville, Ky., Sept. 14—Eulogizing the pioneers of log cabins of the early Kentucky days, Governor Morrow today accepted on behalf of the state the "Old Kentucky Home" log cabin presented to the State Fair by the Kentucky Jockey Club. "The log cabin," said the governor, "was once the home of our forebears whose blood still runs in our veins, whose service gave us the fairest land the good God ever made and who held against necessity, want and foes that which we with our hearts tremble on the words call the Commonwealth of Kentucky. God grant that we be worthy of the love, service, character and patriotism which have come to us as heirs of that great heritage." The cabin is two stories, contains several rooms, is a substantial structure and contains authentic furniture of the period.

SLIGHT FIRE ON WOODLAND AVENUE

The fire department was called to the home of R. H. McKinney on Woodland avenue about five o'clock Wednesday where they quenched a slight blaze. When the fire truck arrived the fire could not be located, as has been the case in the last few fires. The fireman soon found that the residence of Mr. McKinney was the one on fire. The second floor was filled with smoke when the fire ladders arrived. After a short search, the blaze was located on the sleeping porch in the rear of the house. A wooden box containing an old pair of shoes and some rags was on fire. The burning articles were making a big smoke which has spread throughout the second story. The floor was burnt very slightly and only in one corner. Neither water nor chemicals were used to extinguish the blaze which would have caused more serious damage if it had been allowed to have gotten more headway.

A burnt match was found on the bed which was just about a yard from the burning box. Someone had evidently been smoking and had thrown the cigarette stub into the box. This fire was another one which might have been put out with one bucket of water which would have saved calling the fire department.

BARBOURVILLE MEN FINED IN CINCINNATI

Cincinnati, Sept. 14—Through a visit to Cincinnati by Clara B. Parrott, James M. Hinkle and William Fletcher, business men of Barbourville, Ky., the city treasury gained \$200. Fletcher was fined \$100 and costs on the charge of petty larceny and Parrott and Hinkle were fined \$50 and costs each on a friend of the trio, he said. All pleaded not guilty. The men were defended in court by United States District Attorney Sawyer Smith, of Covington. He is a friend of the trio, he said, and knows them to be of the highest character.

During the testimony it was alleged that while motoring through Madeira, O., the Kentuckians struck the machine of Edward Boers, of Madeira, and damaged it to the extent of \$150.

GOOD WORKOUT FOR MADISON H

Madison High School's football training trip to Boonesboro has already proven itself a good thing. The boys are rounding into good form under Coach Lassiter and will be ready for some real work by the time they start work on the local field. The mentor had the boys put through bright and early Wednesday morning drills before breakfast. The first day was spent in light training. The boys are becoming used to the ball room a good deal of passing and hunting. After breakfast an hour was spent on the beach blocking and tackling. The going was soft there, making the beach a good place to start this sort of work. The day as far as training was concerned was ended with some running followed by a plunge in the river.

COMBS SLAMS THE OLD PILL AGAIN

A single, a double and a triple out of five tries was the record made by Earl Combs in Wednesday's game when Louisville beat Toledo, 11 to 6. Combs took part in a batting rally in the second inning when the Colonels scored five runs and his double in the seventh helped them to add two others. In the field Combs accepted one fly for a put-out. The game was a victory for another recruit. This time it was Dean, who turned in a winner in the box. He has not been with the Colonels very long having only recently been recalled from the "bushes." He is another youngster on the Louisville club from whom excellent work is expected in the future.

KENTUCKIAN GETS STRONG SUPPORT

(By Associated Press)
Louisville, Sept. 14—A special from Tallahassee, Fla., to the Times says that Bernice Larmon, of Bowling Green, Ky., who was convicted two years ago of the murder of Ralph Rusing, a taxicab driver, had his case argued before the pardon board. Letters were read from the chief justice of the Kentucky Court of Appeals and Mrs. William Jennings Bryan, favoring the pardon. Larmon and his wife hired Rusing to carry them to Thomasville, Ga., when the killing occurred. They claimed it was accidental. Larmon was sentenced to life imprisonment. The prosecution argued at Larmon's trial that he slew Rusing to get possession of the taxicab and sell it in order to procure funds to return to Larmon's home at Bowling Green.
